- 2) Print page 2 and 3 for each student and print page 1 as a poster and let stick it on the blackboard for them to check and see.
- 3) Divide the class into groups of 3 or 4 students, print page 2 and 3 for each student and print page 1 once for each group.
- 4) Print page 1 and glue it on cardboard; divide the class into groups of 4 students and give one board to each group. Print a set of places for each group. Student 1 and 2 play against student 3 and 4. Student 1 takes a place and gives directions to student B (placed in the "start" point with a token). Student 2 follows the directions and tells where he is. Student 1 can't look while student 2 follows the directions. If the student 2 is right in front of the same place in the student 1's paper, they get one point.
